

Adorable Pups

Health and Adoption Agreement

The puppy is covered with a 30 day health guarantee provided by the breeder. Within 10 days of purchasing your new puppy, you must take him/her to a licensed veterinarian for an examination. If the veterinarian determines, within 10 days of purchase, that your dog is clinically ill or has died from an injury sustained or illness likely to have been on or before the date of sale and delivery, you have the following options:

-Return the dog for a complete refund

-Return the dog for replacement dog of equal value

-Retain the dog and receive reimbursement for reasonable veterinary fees, not exceeding the purchase price

These options do not apply where the seller, who has provided a health certificate issued by a veterinarian, discloses in writing at the time of the sale the health problem for which the buyer later seeks to return the dog. If within 30 days of purchase, a licensed veterinarian determines that your dog has a congenital or hereditary defect which adversely affects the animals health or that your dog died from a congenital or hereditary defect, you have the same options as above.

You must notify the seller of the examining veterinarian's name, address & phone number within 2 days of the vet's certification of your dog's illness. Failure to notify the seller within 2 business days will result in the forfeiture of rights.

This puppy is also covered with a 1 Year genetic health guarantee.

-This additional guarantee specifically covers any disease or illness that is proven to be of genetic origin through the proper veterinary examination and testing.

This guarantee does not cover normal veterinary costs incurred while providing general care for the puppy.

Proper documentation must be provided to the breeder prior to any compensation being paid.

This guarantee does not cover any costs incurred related to injuries caused by owner negligence or accidental injury.
